	Gymnastics classes		Janey loves physical activity	
Signature of Instructor(s)	Note: Continue th	e same type of information	for all required subjects!	
g (-)	Signature of Instructor(s))		

Note: You are providing two things: (1) Description of materials covered; and (2) Evaluation/Narrative OR Grade. You can choose to use a grade (A, B, C, D, F-Excellent, Satisfactory, Fail; Poor), or a Written evaluation (doing well, improving, loves math, etc.) for the grade l evaluation requirement. Use one or the other, not both. The description of materials should be extremely brief and simple. Use a format that is comfortable for you. You do not have to use their forms.

Jr. High and High School quarterlies can be done in the same manner: HSLDA interprets the regs 100.10(g) 1 "the number of hours of instruction during said quarter" to mean TOTAL hours. It is not required by the regs to report the number of hours for each subject in your quarterly report.
